Pullen Pottery News

June 2014 Issue 4

A Note from...

Summer is almost here! Things traditionally slow down a little in the Summer time. The weather gets hot, school is out, and people spend time at the pool or on vacation. So slow down and take time to smell the roses! And when you are at Pullen next, take time to look at the information on the new bulletin board and white board in the studio. There is still plenty of fun stuff happening here over the hot Summer, so make sure you don't miss it!
