Preschool – Suzuki Early Childhood Music

Age: 1mth-3yrs. Did you know the ear is the first organ to fully develop? This amazing class starts you and your child on a rich and exciting musical journey. We combine music and movement to develop a supportive, positive environment to acquire a lasting enjoyment of music, self-esteem, determination, communication and confidence. From dancing with your little one to playing beautiful orff instruments like the glockenspiel and xylophone, this class sets a foundation for tone, pulse, pitch, and rhythm. Based on the Suzuki Mother-Tongue-Approach (learning by ear), the Suzuki Early Childhood Teacher, Miss Meredith, works with parents through joyful repetition of lullabies, action songs, stories and nursery rhymes. This class creates an environment free from pressure where babies and toddlers can develop rhythmic and melodic awareness, memory and social skills, increased vocabulary, and sensitive group participation at a young age. Different from other young children's music programs, we believe mixed age groups work best! Older children learn sensitivity and the opportunity to model for younger children while younger children develop skills more quickly and securely with the older children as models. Class is 45 minutes. Please bring a small journal for observations after class. One caregiver per child. Parents and caregivers must be prepared to move, dance, read, and sing in class with their child. There is a required CD and booklet. Instructor Meredith Mitchell - Certified Suzuki instructor.

Drawing - Workshop: Oil Painting & Drawing - The Portrait

In this two day workshop we will be drawing and painting the portrait from life. Our drawings will be a 'tool' that we will use to complete the painting. We will use short gesture and longer poses to understand our subjects. After several drawing studies, we will turn our focus to the values of the head. This is an extremely helpful step when translating color into values. Starting with easy foundation color recipes and working in our shades, middle tones and highlights, this workshop will also utilize many application techniques to establish the essence and personality of our subjects. Live models will pose as the instructor guides you with several demonstrations, resource materials and one on one critiques. This is an advanced workshop and the students should bring their own supplies. Demos will be done in graphite, charcoal, and oil paints. Supply list available on Sertoma's home page.
