## FREE CYBER TRAINING FOR SMALL BUSINESS OWNERS

**Monday, October 20, 2014, 2-4pm**  
Solid Waste Services Facility, Classroom #1  
630 Beacon Lake Drive, Raleigh

What do cyber criminals know that you don't? And why does everyone need to take ownership and responsibility for these threats? Learn how employees AND businesses can minimize the risks from Carl Hill, President and co-founder of Golden Technology Services,

an IT Cloud, Security Services, and Storage Backup solution provider.

He'll discuss tips at this free training session, and the latest in innovative and affordable products and services to help stop cyber criminals in their tracks.
