## I. Welcome,

- Introduction, and Staff Reports (Police, Parks Recreation and Cultural Resources, Community Engagement, and Code Enforcement)

## II. City of Raleigh Public Utilities

- Discussing water pressure in the Forestville CAC
- Going over some 101 on water basics

## III. Mitchell Mill Road Widening Project, Tim Sudano, City of Raleigh Project Engineer.

## IV. Elections are coming! Here's what to expect...

- In October- Forestville CAC Nominating Committee submits its nominees to the group at the CAC Meeting. Additional nominations may be made at this time from the floor.
- In November: a list of all the nominees shall be published in the newsletter/agenda prior to the meeting during which officers are elected.
- In November: The Elections take place by a majority of the voting members present at the meeting. No in-absentia voting is permitted. You must be 18 to vote. You must live within the CAC boundaries to be eligible to vote. The winner of the elections will be announced at that meeting.
- In November: The new leadership will take office.

## V. New Business

## VI. Neighborhood Reports

- Tell us what's going on in your neighborhood!

## VII. Adjourn

### City News

#### **Flood-Prone Properties Restored to Green Space**

The City of Raleigh's Stormwater Management Division has had many successes over the last year through its participation in the Federal Emergency Management Agency's (FEMA) Flood Hazard Mitigation Grant Program. The program provides funding to the City when it purchases properties, like Capital Inn on Capital Boulevard in Raleigh, that experience ongoing flooding as a result of being built in the floodplain prior to current development regulations. After a property is purchased, the area is restored to green space so that the floodplain functions more naturally. This reduces flooding in the area and improves public safety. Participation in the program is voluntary. Some projects may also be funded through the City's Stormwater Utility. To learn more visit [raleighnc.gov](http://raleighnc.gov) and enter the search term "Flood Hazard Mitigation".

#### **Love Your Stream? Keep it Clean!**

Do you find trash or other waste in your neighborhood streams? You can help the City of Raleigh's Stormwater Management Division keep them clean! There will be a stream clean up at Biltmore Hills Park, 2615 Fitzgerald Drive in Raleigh on Saturday, Oct. 21 from 8:30 – 11 a.m. This stream clean up will help protect and make creeks in Biltmore Hills Park more beautiful. This event is open to the public and clean up materials are provided. Register online at [raleighnc.gov](http://raleighnc.gov) by entering the search term "Stream Clean Up"
