The City of Raleigh Office of Transportation Planning invites submission of qualifications for consulting services to study Capital Boulevard between Wade Avenue and Wake Forest Road. The consultant will collect and analyze data that will evaluate the feasibility of a restricted crossing U-turn intersection, typically called an RCUT or “Superstreet” configuration.

The consultant will have responsibility for conducting coordination meetings with the North Carolina Department of Transportation (NCDOT) and City of Raleigh staff. The consultant will collect all necessary traffic data and will provide collateral materials for project meetings, project graphics and executive summaries. Deliverables for this study will be a technical report and a slide show presentation.

GENERAL COMMENTS

1. It is the policy of the City of Raleigh to provide minority and women owned businesses equal opportunity to participate in City contracts and procurement programs. The City of Raleigh encourages the use of small disadvantaged minority and women owned sub-consultants on this project. You are required to identify participation of SDMWOB firms in your proposal and how that participation will be achieved through the use of co-consultants and sub-consultants. If you have questions regarding SDMWOB involvement, please contact Luther Williams at 919-996-4278.

2. Any cost incurred by respondents in preparing or submitting a Request for Qualifications for the Project shall be the Proposer’s sole responsibility.

3. Ownership of Documents: All responses, inquiries or correspondence relating to this Request for Qualification will become property of the City of Raleigh when received.

4. Compliance: All work shall be in compliance with all local, state, and federal codes.

5. The City of Raleigh reserves the right to reject any and all proposals.

For a copy of the full Request for Qualifications, please contact Bowman Kelly: bowman.kelly@raleighnc.gov
