REQUEST FOR STATEMENT OF QUALIFICATIONS

The City of Raleigh Public Utilities Department (“CORPUD”) requests proposals from Environmental Mitigation Providers (“Providers”) for mitigation bank credits (“Credits”). Respondents must have a proven track record of successfully providing mitigation services in the State and be the owner (“Mitigation Bank Sponsor”) of mitigation bank(s) approved by State and Regulatory agencies to offer Credits for sale to offset environmental impacts associated with City, State and Federal Regulatory requirements in the Hydrological Unit Code (“HUC”) Neuse River Drainage Basin 03020201.

Service Description:
The purpose of this service is to provide compensatory mitigation credits on an on-call basis for CORPUD projects. Delay in receipt of environmental permits due to availability of mitigation resources for City projects affect project timing and costs. It is the intent of the CORPUD to establish a service agreement with a primary mitigation provider that can meet the credit types specified below:

• Riparian and/or Non Riparian Wetland Credits in increments of 0.10 of an acre or more.
• Stream Mitigation Units in increments of 1.0 linear foot or more.
• Riparian Buffer Units in increments of a 0.10 square footage or more.
• Nitrogen Offset in increments of a 0.10 pounds or more.

Submission Deadline:
Submit five (5) hard copies of the proposal and one CD, DVD, or USB flash drive containing a PDF of the proposal by 5:00 p.m. on March 3, 2015 in the CORPUD Office (Suite 620, One Exchange Plaza, Raleigh, North Carolina 27601) in order to be considered.

There will be no pre-submittal conference and all additional information (full version of RFP) will be distributed via email or file transfer. If there are any questions concerning the proposal please feel free to contact me at (919) 996-3477 or dennis.lassiter@raleighnc.gov until February 26, 2015 at 5:00 p.m.
