

PUBLIC MEETING
Streetscape Improvement Project
Jones Sausage Road & Rock Quarry Road
 NCDOT Geotechnical Engineering Unit,
 3301 Jones Sausage Road, Raleigh, NC
 Thursday, April 11, 2013

WELCOME

The City of Raleigh welcomes you to this public meeting to discuss streetscape improvements on Jones Sausage Road & Rock Quarry Road from Sunnybrook Road to I-40. The Jones Sausage Road & Rock Quarry Road Streetscape Project is part of the 2000 and 2005 Bonds approved by City Council that are currently funding the widening of Jones Sausage Road & Rock Quarry Road. There are no additional assessments associated with the streetscape project.

This meeting is sponsored by the City of Raleigh to discuss the proposed streetscape improvements, to answer questions, and to gather public comments on this project. Please feel free to review the project map displayed and to ask questions of the City of Raleigh or Kimley-Horn project team. The project map is available to view from 6:00 p.m. to 8:00 p.m. Project members will be available to discuss the project with you during this time.

YOUR INPUT IS IMPORTANT

We value your input. You are encouraged to complete the attached comment sheet today and either leave it with a City staff member, mail it to the address on the comment sheet or e-mail it to the project manager identified later in this handout. We request that you provide your input by **Thursday, April 18, 2013**, so that your comments can be incorporated into the planning process.

UPCOMING ACTIVITIES

- Comments from today's meeting will be carefully reviewed and incorporated into the design where possible.
- A design presentation will be made to the City of Raleigh Appearance Commission to receive their comments and incorporate them into the design where possible.
- A design presentation will be made to the Citizens Advisory Council to receive their comments and incorporate them into the design where possible.
- A design presentation will be made to City Council to receive their approval to move forward with finalizing the designs and going to construction.
- Construction is anticipated to begin in Fall 2013 (*Tentative Schedule*).
