

2017 Streams & Stormwater Video Competition Guidelines

The City of Raleigh's Stormwater Management Division manages stormwater to protect the safety of people, reduce flooding of properties, and protect the health of lakes and streams. An important part of the Division's work is helping citizens realize that what we do on the land affects our lakes and streams.

- ✚ If you live or go to school within Raleigh's utility service area, and are high school age then you can submit a 60 second (max. length) video about how to prevent everyday human actions from harming the ecosystem and polluting our streams, lakes and water!
 - ✚ You need to save your video on a DVD-R, and submit it with a completely filled out official registration form by Tuesday, February 14, 2017.
 - ✚ Make sure your message is clear about how our actions harm our streams, lakes and water.
 - ✚ Make sure your video is acceptable for the general public to view. It will be uploaded to the internet and may be used as a public service announcement.
 - ✚ The City may select up to three winning videos, with a top prize of \$500. Winners will be invited to the Raleigh Annual Environmental Awards Gala to receive your award. This takes place around Earth Day (April 22nd).
- ✚ **Some ideas to get you started:**
- Lawn fertilizers
 - Sediment (dirt/mud) runoff from construction
 - Oils and dissolved metals from motor vehicles
 - Bacteria from animal waste
 - Dumping into storm drains
 - View the 2016 winning videos [here](#) for more great ideas.

Rules of the competition:

- **Any video entry containing copyrighted music will be disqualified.***
- Video duration should not exceed 60 seconds.
- Humor is encouraged, but inappropriate content will disqualify your entry.
- You must live or attend a school within Raleigh's utility service area
- The City may choose to have fewer than three awards.
