

Application for the Stormwater Inspection & Maintenance Program in the City of Raleigh

This is to request that I be certified with the Stormwater Inspection and Maintenance Program in the City of Raleigh. The following documents are included under the cover of this application:

1. One (1) copy of proof of SCM inspection or maintenance experience for at least 10 SCMs within the last 12 months.
2. One (1) copy of a certificate verifying that I have completed a City of Raleigh approved SCM inspection and maintenance workshop, similar to the workshop offered by North Carolina State University. Certifications must be maintained in order to remain valid.
3. Additional documentation that proves that I have the experience/training related to SCM inspections and maintenance.

SUBMIT TO: scminspections@raleighnc.gov

Name (Signature): _____ Date: _____

Name (Printed): _____

Do you: Certify and/or Perform Maintenance

APPROVED by Stormwater Services:

Name (Signature): _____ Date: _____

Name (Printed): _____

SIM # Assigned to Applicant: _____

******This does NOT replace the requirement that annual inspections must be sealed by a Registered Landscape Architect, Professional Engineer, or Professional Land Surveyor.***

******By submitting this application you authorize the city to list your information on the city website.***
