

## City Of Raleigh

NORTH CAROLINA

May 19, 2014

Dear Northshore Lake Residents and Surrounding Community:

The City of Raleigh would like to inform you that we are ready to begin construction of the Northshore Lake and Dam Rehabilitation project. Our contractor, Centurion Construction Company, Inc., and engineering consultant, HDR Engineering will begin work on Tuesday, May 27, 2014. You will see increased construction activity beginning this date. I wanted to provide you with information that you may find useful should you need to contact me or other key personnel associated with the lake construction.

I ask that you please direct all project design, easement, and scheduling questions to me. In the case of an emergency with the lake or an after-hours/weekend emergency, please contact the HDR Engineering Project Inspector, the Centurion Construction Company, Inc. Field Manager, and me so we can implement appropriate measures.

Again, once construction begins, notices regarding the project will be placed on the front doors of only the residents that will be directly affected by the construction of the lake. For some residents along the adjoining roads in the neighborhood, this may be the last correspondence you receive from the City until the project concludes. Should you or your neighbors have any questions or concerns, please feel free to contact me by phone at the main office at (919) 996-3940 or by email at [veronica.high@raleighnc.gov](mailto:veronica.high@raleighnc.gov). Thank you.

Warm regards,

*Veronica High*
