

Introduction to Painting Outdoors

Painting outside from life provides a natural inspiring environment and will give you better information to create a successful painting.

Each class starts with a discussion of how to deal with the unique challenges of painting outdoors such as: composition, changing light, scale, color, value and space. After a demonstration the students will paint with individual guidance by the instructor. This class is for artists of all levels of experience. The student will need to have a basic knowledge of their media and may paint in any media. Each artist is responsible for bringing their materials and setup equipment. Each class will bring you to a new location in the park.

Dates: Saturdays

May 7-21 #186543

June 4-18 #186544

July 9-23 #186545
