## MEMO

**TO:** Stacy Barbour  
Senior Planner, City of Raleigh

**FROM:** Glenn Phillips

**DATE:** 24 July 2008

**SUBJECT:** Regency at Brier Creek Country Club (formerly Page Road Assemblage):  
Preliminary Subdivision Plan – Application Section C (n)  
Comprehensive Plan Compliance

In keeping with your request and the requirements of the City of Raleigh's latest application form, listed below please find a brief description of how our proposed Cluster Unit Development conforms to the guidelines outlined within the City of Raleigh's Comprehensive Plan.

The Regency at Brier Creek Country Club project is situated within the Umstead District of the City of Raleigh's Comprehensive Plan, and more specifically, within Umstead's Triangle Regional Center. The Triangle Regional Center represents a majority of the developable land within the Umstead District and according to the description included within the City of Raleigh's Umstead District Plan, the Triangle Regional Center is expected to include;

"Large scale, high intensity development...in order to make efficient use of the transportation system and available land in this strategic location. Mixed uses, high density residential uses and other uses which have regional emphasis are encouraged." In our opinion, the Regency at Brier Creek Country Club project provides a level of higher density residential development complimentary to the overall Brier Creek development.

The Triangle Regional Center area spans Wake and Durham Counties. As such, the Umstead District Plan asks that each municipality "respect each other's extraterritorial jurisdiction and areas of future jurisdictional expansion." The Regency at Brier Creek Country Club project proposes development within a portion of Durham County recently annexed by the City of Raleigh. The project also proposes development within a portion of Wake County recently annexed by the City of Durham. Each development respects the county line and proposes building footprints that do not straddle the county line. This will minimize conflicts in receiving appropriate county services.

The Regency at Brier Creek Country Club project does not lie within any of the focus areas listed within the Triangle Regional Center Plan however the project lies adjacent to two existing/future secondary arterial roads (Aviation & Globe) as well as one major thoroughfare (Page). For this reason, right of way is proposed to be dedicated along a portion of Globe Road and along Page Road, consistent with the "Arterials, Thoroughfares & Collectors – Umstead District" master plan. We also anticipate the extension of two Greenway Corridors through the project consistent with the "Greenway Corridors, Parks & Park Search Areas" master plan.
