M. Article describing land leased to Federal Government for Camp Polk, *News and Observer* (Raleigh), August 24, 1918

GOVERNMENT WILL TAKE OVER LEASES

Chamber of Commerce Formally Signs Agreement With War Department

MEANS NO STATE FAIR FOR RALEIGH THIS YEAR

Provisions in Agreement Already Complied With By Organization

The officers and directors of the Raleigh Chamber of Commerce yesterday formally signed its agreement with the government for service in locating the tank camp in Raleigh and today, it is expected, the government will take over the leases, including the lease on the State Fair Grounds. This makes the great State Fair of 1918 an impossibility but the eventuality is accepted with smiles by Col. Joseph E. Pogue, secretary, who is willing to lose the fair one year for the benefit of the government and the cause of the Allies.

The agreement of the Chamber of Commerce, which is the basis upon which the city has been working for the last week or more to get the camp located here, follows:

"We, the Board of Directors of the Chamber of Commerce of Raleigh, a corporation organized under the laws of the State of North Carolina, in consideration that the Training Camp and School for the Tank Corps of the United States Army be located near this city, do hereby agree that we will assist the Government in securing in the neighborhood of Raleigh about sixteen thousand (16,000) acres of land hereinafter described at an average rental not to exceed three (3) dollars per acre per annum in leases made by the owners with the United States Government, and in the event that the total price exceeds three dollars per acre per annum, we agree to make up the excess amount.

"Description: Beginning at a point on the north side of the Raleigh-Durham highway about two and three-quarter miles west of the State Capitol, and opposite the sub-station of the Carolina Power & Light Co., and thence in a northeasterly direction of one mile; thence northerly a distance on one mile to a point to Crabtree, between five hundred and one thousand feet westerly of Edwards' Mill road; thence northeasterly parallel with and between five hundred and one thousand feet westerly from the Pleasant Grove Church road; thence in a northwesterly direction a distance of three and three-quarters miles to Ebenezer church; thence on a circular curve to the west swinging to the south for a radius of about four and one-half miles and distance of about six and one-half miles to a point on the north side of the Raleigh-Durham road about nine miles from the State Capitol; thence easterly in a generally straight line six and one-half miles to the point of beginning, inclosing approximately sixteen thousand acres of land.

"It is understood that if this property can be secured at a less price than an average price of three dollars per acre per annum, the United States government is to get the benefit. The Chamber of Commerce, if requested, will furnish a bond for the fulfillment of this obligation. We also agree to assist the government in renting between five and ten residences for temporary occupancy by officers near the Fair Grounds adjacent to the Raleigh-Durham road and guarantee an average rental of not to exceed five dollars per room per month, the exact number of residences between five and ten to be mutually agreed to by the representatives of the government and the Chamber of Commerce.

"We also agree to assist the government in renting about sixty rooms in the dormitory of the North Carolina State College of Agriculture and Engineering to be used as designated by the officers of the Tank Corps. We guarantee that the price per room shall not exceed ten dollars per month per room.

"Said rentals to be renewable monthly for a period not to exceed one year."

The agreement was signed by President E. C. Duncan, the officers and members of the board of directors as follows: Howard White, vice-president; Fred Mahler, vice-president; M. R. Beaman, secretary-traffic manager; W. J. Andrews, C. B. Barbee, W. L. Beasley, P. H. Bunbee, C. K. Durfey, B. H. Griffin, R. H. Merritt, C. B. Park, J. B. Pearce, George J. Ramsey, G. C. Scarlette and C. B. Williams.

During the year 1919, prior to the sale of the Caledonia farm, and after the option was taken on the Camp Polk farm, the War Department offered for sale all of the property in a lump located at Camp Polk. By authority of your board, an offer was made to the War Department at Washington in the sum of $5,000 for all of the railroad tracks, buildings, electric lines, water-pipes, etc., located upon the land upon which we held option. This offer was accepted on July 7th, and the War Department conveyed to the State's Prison by bill of sale the following property:

1 office and warehonse, 60x157 feet.
4 sheds, 20x60feet.
1 shed, 30x100 feet.
2 pump-houses, 8x10 feet.
4 stables, 29 feet 6 inches by 130 feet.
3 bunk-houses, 20x150 feet.
1 kitchen, 20x30 feet.
3 time booths 8x10.
1 observation tower 100 feet high.
900 yards railroad ballasted with 80-lb. rail, ties, and switch complete.
44 light poles erected with crosses on them.
10,500 feet of bare copper ward, No. 1-0.
2 6-horsepower new-way kerosene engines.
1 20,000-gallon redwood water tank, erected.
2 bulldog pumps, installed.
1,000 feet 6-inch iron pipe.
430 feet 4-inch iron pipe.
4 hydrants.
214 water barrels.
540 water pails.

All of the above described property then located on the land upon which we held option was allowed to remain just as it was until the State's Prison had conveyed to it the land and it immediately became of use, as at present we are occupying the buildings erected by the Government for army purposes in the housing of the teams, tools, and men and in the carrying on of the work on this farm.
