Assembly (DCDA)

## Professional Engineer

Identification of Responsibilities

I hereby state that the above information is correct and complete to the best of my knowledge and is in compliance with all applicable City of Raleigh Public Utilities ordinance, handbook, and NC Plumbing and Fire Code except where noted.

I certify that all service connections (domestic, irrigation, fire) pertaining to this project are properly contained with an approved containment backflow assembly/assemblies according to the City of Raleigh Public Utilities ordinance, handbook, and NC Plumbing and Fire Code. Falsification of any statement is considered a willful violation and could subject the professional engineer to civil penalties or fines.

## Owner

I hereby state that I have authorized the above noted professional to perform the work specified herein and agree to indemnify to the fullest extent permitted by law, the City of Raleigh, the City of Raleigh Public Utilities and Cross Connection Control Program (hereinafter collectively called "the City") and their respective officers, representatives, agencies, contractors, servants and employees from and against any and all claims, suits actions, proceedings and losses ("claims and losses") that may arise from the verification that this facility is in compliance.

In the future, if the building use changes this may require the installation of an approved containment backflow assembly, in compliance with State and City rules, and I will ensure submittal of a new application that reflects the new use.
