This is to identify that (check all that apply)							
	This building is fully accessible.						
	The "path of travel", which includes bathroom and drinking fountains serving the altered area, is to conform to the North Carolina Accessibility Code Volume 1-C.						
	The cost of providing an accessible "path of travel" (including accessible bathrooms and drinking fountains serving the altered area) exceeds 20% of the alteration cost of the Area of Primary Function, and the Path of Travel will be made accessible to the extent that it can be made accessible without incurring Disproportionate cost. (See Vol. 1-C, Part III, Section *34.2.6.2 for the priority of elements that provide the greatest degree of access).						
	The tenant only is making the alteration. The "path of travel" outside the tenant area is under the landlord's authority and is not being altered.						
	<p>Accessible "path of travel" (i.e. all elements listed in 34.2.5.2) is determined to be disproportionate, and priority given to those elements that provide the greatest access in the following order (elements are listed in descending order of priority):</p> <ul style="list-style-type: none"> <input type="checkbox"/> An accessible entrance <input type="checkbox"/> An accessible route leading to the altered area of primary function <input type="checkbox"/> A minimum of one toilet room for each sex or an accessible unisex toilet <input type="checkbox"/> Accessible telephones <input type="checkbox"/> Accessible drinking fountains/water coolers <input type="checkbox"/> Providing additional accessible elements (e.g., storage, alarm indicating appliances, controls and operating mechanisms, signage, etc.) 						
Priority given to elements indicated above acknowledged hereby:
