

**TRAFFIC SCHEDULE NO. 10  
THROUGH TRUCK ROUTES**

**Reference Section 11-2132(b)**

**THIS SCHEDULE CONTAINS PAGES 10-1**

**ORDINANCES ADOPTED THROUGH #925, Effective 11/22/05**

**Truck Route Ordinance Update**

It has been approved 7/2/91 that Truck Route Ordinance be amended in the City Code as follows:

Section 11-2132 (a) DEFINITIONS paragraph (8) "Through Truck Route" be amended to read as follows:

Through Truck Route: The term "through truck route" shall mean those routes or streets established in subsection (b) and designated by signs as numbered Interstate, US, or NC routes and Wade Avenue Extension from I-40 to the Raleigh Beltline (I-440). Provided that all US and NC numbered routes inside the Raleigh Beltline (I-440) shall remain "local truck routes".

The above amendment will allow through trucks to use Wade Avenue Extension between I-40 and the Beltline. This expressway type facility is suitable for the through truck network. The amendment will also provide that through trucks must only use I-440 to pass Raleigh.
