## City News

### Neighborhood Funds – NIF and NAF

**Neighborhood Improvement Funds (NIF)** support projects designed by you and your neighbors for the benefit of your neighborhood. You are urged to develop proposals that make the most of resources and strengthen partnerships.

**Neighborhood Art Funds (NAF)** are for community members and groups that are interested in collaborative art projects for Raleigh's neighborhoods that support artistic and cultural exploration, connection and understanding.

### Affordable Housing and Community Development Session

Let your voice be heard in planning Raleigh's future! Your feedback will influence how your federal and local funds are spent in our community. Help us shape the Five-Year Consolidated Plan by sharing feedback on programs used to address housing and community development needs in Raleigh.

The City will be hosting meetings from September to November at various community centers. If you can't attend or want to give your feedback now [take a short survey online](#).

### Let's talk about growing around transit

Raleigh is in the midst of the largest expansion of transit in the city's history. To fully see the benefits of the investment, we need to think not just about buses and transit stations, but how the city should grow in the future. Planning around transit help address key issues and needs in the city, including: • Healthy, walkable places • Housing affordability • Climate change and air quality.

The City of Raleigh is having a community conversation to explore these topics. It's called "Equitable Development around Transit," and it seeks to answer two big questions that go hand-in-hand with our community's transit investment: • How much should Raleigh grow around transit in the future? • How do we ensure the benefits of bus rapid transit are shared broadly and equitably?

Share your thoughts: [Take a quick survey here!](#) Learn more about [Equitable Development](#) and the [city's transit plans!](#)

## **Chair**

*Michael O'Sullivan*  
(919) 302-7557

Officers

J.A. Burgess  
(919) 996-1572

Officer Hinton  
(919) 996-1206

### **City Planning**

(919) 996-2626

### **Code Enforcement**

919-996-2444

# Seasonal Loose-Leaf Collection Information: It's easy as 1, 2, 3

## Step 1:

### **Determine if this service is available to you?**

- ✓ YES - I live in the Raleigh city limits and I do my own yard work.
- ✗ NO - I hire a landscape contractor.
  - Contractors are responsible for proper disposal of all leaf piles they create. This fee should be included in the price you already pay for lawn service.
- ✗ NO - This service is not available to businesses, schools, churches, or apartment complexes.

## Step 2:

### **Determine your collection zone and when to place your leaf pile at the curb.**

- Go to [raleighnc.gov/leaf](http://raleighnc.gov/leaf). Select the map and then enter your address to determine your collection zone and time.
- Or call 919-996-6446 to speak to a Transportation Services Division staff member.

## Step 3:

### **Properly place your leaf pile at the curb between the dates indicated for your zone.**

- ✓ Place leaves at the edge of your yard, between the curb and sidewalk, or within 6 feet of the edge of the pavement.
- ✗ Do not place leaves in the street, or park near the leaf pile.
- ✗ Do not mix any sticks or tree limbs in with your leaf pile.
- ✗ Do not place leaves near storm drains; clogged stormdrains cause flooding.
