FY19 City of Raleigh Resident Budget Priorities Survey

Do you have thoughts on how the City of Raleigh spends funds? City Council and City staff want to hear from you! Complete the Fiscal Year 2019 Budget Priorities Survey:

Online: Budget.raleighnc.gov

In Person: Front desk of Raleigh Municipal Building or any Raleigh Community Center

By Mail: To have a copy of survey mailed to you, please contact the City's Budget and

Management Services Department at 919-996-4270

Survey runs from February 27-March 30, 2018.

Textile Recycling (Residential Curbside)

The City of Raleigh offers free curbside textile recycling for single family residential customers. The pilot program began Feb. 20, 2018, and is operated by Simple Recycling. The service is meant to collect unwanted clothing, shoes, and accessories that otherwise would be thrown in the trash. Curbside textile recycling is available to Raleigh single family residential customers. Estimates are that only 15 percent of textiles are recycled, while 85 percent of textiles are thrown into the trash and end up in our landfills. How does curbside textile recycling work? The City is partnering with Simple Recycling to offer this service free of charge. Raleigh single family residential Solid Waste customers receive Simple Recycling orange bags in the mail. Fill the orange bags with clothing, shoes, and other textiles and set them at the curb next to - not in- your blue recycling cart by 7 a.m. on your regularly scheduled recycling day. Simple Recycling drivers will pick up your full bag and leave you a replacement bag tied to your blue recycling cart handle. Needs Assistance customers must call Simple Recycling at least 24 hours ahead of their regularly scheduled recycling day to schedule a textile pick-up: 866-835-5068. Need more information or supplies? Need more orange bags? Have questions about what items are accepted? Need to report a missed pick-up? Contact Simple Recycling by calling 866-835-5068.

The City Encourages Continued Donations to Nonprofits:

Simple Recycling is a for-profit company. Residents are encouraged to continue donating clothing and other items to the nonprofits of their choice. The purpose of the curbside textile recycling pilot program is to provide a convenient curbside option for recycling textiles that would otherwise be thrown into the trash. The City of Raleigh encourages those who donate items to charity to continue doing so.

Avent Ferry Road Corridor Study

Design Alternatives Presentation

Monday, March 26, 6:30-8:30 p.m.
McKimmon Center, 1101 Gorman Street
Raleigh, NC 27606

We invite you to a presentation of design alternatives for Avent Ferry Road. The alternatives are based on previous rounds of public input and emphasize four key components of the corridor:

- Streetscape Improvements
- Mission Valley Shopping Center
- Avent Ferry Shopping Center at Gorman Street
- Connectivity and Transit

Other elements to be discussed also include building height, how buildings meet the street edge, street improvements, parking, and driveway access. The meeting will consist of a presentation followed by an open house. City staff and the design team will have tables set up displaying images and diagrams of design alternatives for each focus area. Attendees will consider the alternatives and respond to a preference survey. The survey results will be used to craft the final recommendations for the Avent Ferry Road Corridor Study.

If you are unable to attend the presentation, smaller pop-up open house sessions will take place at various times and places along the corridor. Additionally, the preference survey will be available online through the end of April 2018.

If you miss the Design Alternatives Presentation, join us at one of the pop-up open house sessions:

Tuesday, March 27, 4-6 p.m.

Thomas G. Crowder Woodland Center
5611 Jaguar Park Drive
Raleigh, NC 27606

Wednesday, April 4, 9 a.m.-12 p.m.

Thomas G. Crowder Woodland Center
