**Update on City's Brentwood Today Wetland Analysis and Stabilization
Project Request For Proposals**

The City of Raleigh Stormwater Management Division requested and received proposals from consulting engineering firms to provide professional services for the Brentwood Today Wetland Analysis and Stabilization Project. The proposals were due no later than 4:30 PM on December 2, 2014.

The following firms responded to our request for proposals (in no specific order):

- AECOM
- Angler Environmental
- HDR Engineering, Inc.
- Kimley Horn
- Moffatt & Nichol
- RK&K
- Stantec
- Wildlands Engineering

The City would like to thank all the participating firms for taking the time to submit your proposals. Based upon staff's review of the proposals, the City would like to conduct interviews with three short-listed engineering firms. The three engineering firms are HDR Engineering, Inc., Kimley Horn, and Moffatt & Nichol. The City will schedule interviews with these firms in the near future and will forward staff's qualifications-based recommendation to City Council for consideration.

The City extends its appreciation to the many firms who responded to this request for proposals. **City staff will not be accepting requests for post-proposal debriefings.** Information regarding the project, results of the project engineering consultant selection process, and contact information can be found on the City's website at www.raleighnc.gov , and searching for "Brentwood Today".

Thank you for your interest in working with the City of Raleigh.

Regards,

Blair Hinkle, P.E.

Stormwater Program Manager
