WHAT WE NEED / WHAT YOU CAN SUBMIT

We need a completed registration and video, NO longer than 60 seconds and suitable for public viewing. We need your message to be clear. We're talking about stormwater runoff and its effect on our waterbodies. You can submit your greatest ideas, 60 seconds worth on a DVD-R, with music that doesn't have any copyright issues, by February 14, 2017.

Need help getting started? Check out past [videos](#) winners and review the competition details [here](#). Don't hesitate - registration opens November 18, 2016 and videos are due by midnight on February 14, 2017!
