

BP Blount St • Person St

Corridor Study

The City of Raleigh is beginning a corridor study examining the Blount Street and Person Street Corridors from the I-40/Hammond Road interchange to the Capital Boulevard/Atlantic Avenue intersection.

The Blount-Person Corridor Study will identify multi-modal transportation and streetscape design options and programmatic strategies to improve the corridors, with a particular focus on how transportation and streetscape strategies impact placemaking and economic development. The study will take into account the numerous previous studies and initiatives that impact the corridors, and will involve extensive stakeholder input and a thorough understanding of community values, history, and future development scenarios.

Please join us for the project kickoff meeting:

Monday October 22nd

Registration: 6:30 p.m.

Meeting: 7:00 p.m. - 8:30 p.m.

AIA headquarters

14 E Peace St

Raleigh, NC 27604

We want to hear your input on what makes the corridors great, and what improvements you'd like to see in the future.
