# Main Concerns

## Residents

## Business Owners

\*\*The graphs are the result of questionnaires provided to focus group participants and WCAC attendees. Results are not meant to be statistically significant but give a snapshot of concerns and a vision for the area.

# Vision for the Area

## Residents

No change. I like it the way it is.	0.0%
Better walkability	88.2%
More Parking	17.6%
Less Parking	0.0%
Improved Safety	76.5%
Better lighting	41.2%
Greenway connections	76.5%
Open space and parks	82.4%
Improved infrastructure	47.1%
Easier, safer bike access	64.7%
Better bus service	47.1%
Aesthetic improvements	64.7%
Other (please specify)	23.5%

## Business Owners

No change. I like it the way it is.	16.7%
Better walkability	33.3%
More Parking	16.7%
Less Parking	0.0%
Improved Safety	66.7%
Better lighting	33.3%
Greenway connections	16.7%
Open space and parks	16.7%
Improved infrastructure	33.3%
Easier, safer bike access	33.3%
Better bus service	33.3%
Aesthetic improvements	33.3%
Other (please specify)	0.0%

# NEXT STEPS

- September 28: Community Visioning Exercise at regularly scheduled WCAC Meeting
- October 2: Design Workshop
  - This is a day long workshop which includes City Staff from various Departments and Community and Business Stakeholders
  - Participants will address a series of issues which have been identified during earlier phases of the project
  - Participants will propose and test solutions
  - Location to be determined
