

**ORDINANCE NO. - (2016)
TC-19-16 Wall & AWNING/GALLERY/MARQUEE SIGNAGE**

**AN ORDINANCE TO AMEND SECTIONS 7.4.3-D, 7.5.3 C & 7.3.6 C-1 OF THE
RALEIGH UNIFIED DEVELOPMENT ORDINANCE TO REVISE THE SIGN
REGULATIONS FOR WALL SIGNS & AWNING, GALLERY, & MARQUEE SIGNS**

WHEREAS, the intent of the Unified Development Ordinance for the City of Raleigh was to create more predictable development;

WHEREAS, the existing sign regulations in Chapter 7.3.4 D specify the design criteria for Wall signs,

WHEREAS, the existing sign regulations in Chapter 7.3.5 C specify the design criteria for projecting signs,

WHEREAS, the existing sign regulations in Chapter 7.3.6 C specify the design criteria for Awning, Gallery and Marquee signs,

WHEREAS, based upon the desire to have a more consistent regulations relating to these sign types;

WHEREAS, the Unified Development Ordinance does provide a more predictable form for these sign types;

WHEREAS, the City of Raleigh has determined it appropriate to preserve this predictability related Wall, Awning, Gallery, and Marquee signs;

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF RALEIGH THAT:

Section 1. 7.3.4D Wall Signs of Part 7 Raleigh Unified Development Ordinance, related to frontages, is hereby deleted in its entirety from the Raleigh Unified Development Ordinance, and Section 7.3.4 E is re-lettered D.

History/Overview

This text change was initiated by the City Council, as a result of citizen's petition(s). Staff has reviewed the existing code and the earlier code to blend the positive aspects of the two (2) codes into this text amendment. This text amendment should promote the pedestrian scale of the streetscape while permitting individual commercial enterprises to have additional visibility along the street.

Purpose and Need

This text enhances the walkability of the city while promoting commercial enterprises that exist along the street frontage. It is designed to fuse the interests of citizens, the City and our Comprehensive Plan goals into an inclusive collaborative approach to achieve the aspirations of all stakeholders.

Alternatives Considered

None

Scoping of Impacts

Potential adverse impacts of the proposed text change have been identified as follows:

Increase in signage along the streetscape and façade of buildings could become problematic if not regulated and actively enforced. A brochure of permitted signage and process could alleviate this adverse impact provided it is used as a public outreach/education initiative.

The adverse impacts of taking no action (retaining the existing regulations) have been identified as follows:

Undersized signage leads to loss of potential revenue by commercial enterprises but also makes it more difficult for the public to locate important merchants and enterprises offering the services desired. Current signage constraints make it difficult for existing enterprises to attract new customers and the general public has experienced impediments to finding particular attractions.

Impacts Summary

Adoption of Proposed Text Change

The adoption of this text will enhance the walkability and identification of commercial establishments by the general public.

No action

The status quo will be maintained and will continue to provide obstacles for both commercial enterprises and the general public to acquire the goods and services desired.
